Re: FY 2015 Community Development Block Grant (CDBG) Program Application Materials

Date: March 3, 2015

On behalf of the Seneca County Commissioners, we are pleased to invite localities within Seneca County to submit project requests for FY ‘15 CDBG allocation funding. The CDBG funds may be utilized in a variety of ways to further Federal and State goals of benefiting low-to-moderate income (LMI) persons or aid in the elimination of slums and blight. The FY ‘15 funding cycle is from September 1, 2015 through December 31, 2016.

The Commissioners must submit the FY’15 CDBG application to the Ohio Department of Development by approximately June 26, 2015. Public hearings will be held prior to that date to inform the public of the program and to finalize projects. The first informational public hearing was held on March 3, 2015 at 10:45 a.m. in the Commissioners’ Office, 111 Madison St., Tiffin, OH. The second public hearing will be scheduled very soon. The purpose will be to announce the projects proposed to the State for funding. A notice announcing the hearing will appear in the Advertiser-Tribune at least ten days prior to the public hearing date.

The attached application material must be completed and submitted to the following address no later than 4:00 p.m. on Thursday, April 30, 2015. If you prefer a hard copy, contact Brianne Schank Administrative Assistant at (419) 443-7936 or via email at brianne.schank@senecarpc.org.

- If your project is to eliminate slums and blight, building and infrastructure surveys are required. This objective is rarely used for Allocation projects.

- Applicants with projects involving public services should include the page specifically addressing public services projects.

- COST ESTIMATES MUST be submitted with the application forms. Estimates must be certified by an independent party and detail material and labor costs. NOTE that parties providing estimates are excluded from bidding the project. Cost estimates for non-residential construction activities exceeding $2,000 must state that "Davis-Bacon Prevailing Wage Rates were taken into consideration when determining costs." (These projects must be bid and managed according to CDBG requirements. Quotes may be obtained for equipment purchases and other activities if less than $10,000 for Counties and $5,000 for Cities.) If the actual project cost exceeds the estimate or if the project cost exceeds the budgeted CDBG funding, the local government/entity must certify that it will absorb the additional costs or the project will not be considered. Remember that CDBG and local procurement requirements must be followed and documented if the project is funded. The State strictly monitors these particular activities.
